adhvaith.prasad2006@gmail.com | <https://www.linkedin.com/in/adhvaithprasad/>

## EDUCATION

---

### Pondicherry University

Bsc statistics (hons)

Puducherry, India

Started August 2025

### Bharatiya Vidya Bhavan

Student (High school diploma )

Kozhikode, India

Graduated May 2024

## SKILLS

---

**Languages:** Python, Javascript , Typescript

**Frameworks:** Flask, Supabase , Firebase , Nodejs , Bash , HTML & CSS

**Developer Tools:** Git, GitHub, Linux, AWS, Docker

## EXPERIENCE

---

### Participant

Hacktoberfest

Remote

Oct 2021

- Collaborated with other hackers from around the world to contribute in multiple open-source projects during which I helped embed a code editor on an API testing software

## PROJECTS

---

### IDE with Realtime code collaboration | *HTML , CSS , Nodejs , firebase , Git , Nix*

- an advanced online code editor built using HTML, CSS, and JavaScript. Sylphus empowers developers with seamless GitHub API integration, enabling you to edit your GitHub repositories directly within the editor and even deploy your projects to Netlify right from the interface.

### Git Hosting server | *Nodejs*

- A more better way to host your repos online without hassle. An open sourced ecosystem which considers its developers the king.

### JSON based async database | *Nodejs*

- An open sourced asynchronous nodejs module to create json databases.

### Open sourced javascript CI | *Nodejs*

- An open sourced code integration and code deployment software written inn nodejs
